

Preventing Sexual Violence Against People with Disabilities

MORE LIKELY TO EXPERIENCE SEXUAL ASSAULT*

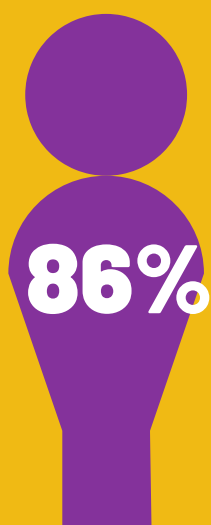

People with intellectual disabilities

 **7X**

Women with intellectual disabilities

 **12X**

IF SHE IS RAPED, IT IS BY SOMEONE SHE KNOWS

**Women with
intellectual disabilities**

**Women without
intellectual disabilities**

**And the woman with intellectual disabilities
is more likely to be assaulted by the same
perpetrator.***

*"Abused and Betrayed" - an NPR investigation into sexual abuse of people with intellectual disabilities.

SUPPORT EDUCATION

**SEXUAL VIOLENCE PREVENTION
HEALTHY RELATIONSHIPS
SEXUAL RIGHTS
SAFETY PLANNING**

**The time for action to prevent sexual abuse of people with
developmental disabilities is now!**
