

ANNUAL REPORT

2019 / 2020

NORTHERN NEVADA
Reno, NV

SOUTHERN NEVADA
Henderson, NV

MESSAGE FROM THE EXECUTIVE DIRECTOR

Fiscal year 2020 is a year like no other – a once in a century pandemic, state sponsored violence that took the lives of far too many individuals and a political year that continues to evolve. Domestic and sexual violence issues were also a through line this year. We adapted our work to address the pandemic, re-evaluated our policies and practices in the light of ongoing systemic racism, and worked to ensure that domestic and sexual violence survivors were not lost in the chaos.

The Nevada Coalition to End Domestic and Sexual Violence (NCEDSV) maintains our leadership role in advocating for change in policies impacting survivors, educating communities about these complicated issues and supporting life-saving services provided to survivors by community-based programs around the state. This legacy of accomplishment is as true in 2020 as it has been throughout our history. Our dedicated Board, staff and volunteers continue to provide an example of how those who care about an issue can and do change the world.

While we look back on FY 2020 in this annual report, we do that review in the context of major change and upheaval. Our work and work processes have fundamentally changed and as we

review the ‘good old days,’ we are aware that there is no going back. As we look forward to FY 2021, we will continue our transformation and expand our knowledge, skills and abilities to do both domestic and sexual violence advocacy, education and support in an ever evolving world.

We are proud to share with you some of the important work that has been accomplished in the last year - from training and technical assistance to distribution of educational materials to financial support of programs and individual survivors. NCEDSV has been developing and implementing a wide variety of strategies. We are making small and big changes that we hope will be the catalyst for even larger change in our state.

As I write my final annual report letter, I invite you to review the following pages and give us feedback about what resonates with you. After you have done that, then take another moment to commit yourself to actively participate in these efforts. Give your time, your money and your energy to support efforts to end domestic and sexual violence throughout Nevada....become a part of the change you want to see.

With love & respect,

SUE MEUSCHKE
Executive Director

WHO WE ARE

MISSION

To be a statewide voice advocating for the prevention and elimination of domestic and sexual violence through partnering with communities.

VISION

A Nevada in which domestic and sexual violence are eradicated and healthy relationships thrive.

CORE VALUES

SOCIAL CHANGE

We believe that ending domestic and sexual violence requires eliminating the interconnected forms of oppression that allow violence against women, and all people, to exist. We work to change the societal conditions and systems of oppression that foster violence and the abuse of power between individuals and groups of people.

PARTNERING

We believe in the power of partnerships and collaboration to deliver value to our members and achieve lasting societal change. We work to engage broad segments of our communities to support the work of our members, recognizing that no one organization, entity, or person can put an end to domestic and sexual violence in isolation.

DIGNITY

We value the fundamental dignity of all persons. We welcome diversity and commit ourselves to creating bias-free environments. We honor and uphold the rights and dignity of program participants.

PREVENTION

We believe that domestic and sexual violence are preventable. We know violence is a learned

behavior, and as such, it can be unlearned and ultimately prevented. We, therefore, are committed to prevention and changing the conditions that perpetuate violence.

RESPECT

We foster environments of mutual respect, where individuals respect themselves and are respected by others. We recognize that individuals and domestic and sexual violence programs are at varying stages of development, and therefore meet and support them where they are.

SAFETY

We are committed to actions and decisions that foster safe spaces in which people can talk, think, and plan. We work to create communities and a society where domestic and sexual violence survivors can access services and live in safety.

EMPOWERMENT

We value self-determination and the ability of individuals and programs to make decisions on their own behalf. We work to promote and increase the choices available to individuals and historically dis-empowered communities so that they may reclaim power.

WE BELIEVE IN DIVERSITY

The Nevada Coalition to End Domestic and Sexual Violence recognizes the importance of and affirms our commitment to diversity, equality, and inclusion. We believe that all people should live free of fear, abuse, oppression, and violence. We respect and value all human life, and we welcome the diversity that makes up human kind by sex, gender, race, and religion.

We recognize that our society is immersed in sexism, racism, and classism. Through patriarchy and oppression, many people have been mistreated and marginalized. As a coalition, we challenge the use of derogatory, hateful language in the same way we confront misused power and violence to maintain oppression. We constantly challenge ourselves to ensure that our work addresses the power structure that supports this injustice.

We believe in the access and affordability of services for all survivors of domestic and sexual violence, intimate partner violence, and sexual assault. We expect member programs to serve survivors without discrimination based on sex, gender, ethnicity, gender identity, ancestry, place of origin, color, citizenship, religion/spirituality, sexual orientation, marital status, economic status, employment, age, health status, and ability.

Safe Embrace, Sparks: *Serving Washoe County*

Sierra Community House, Incline Village:
Serving Washoe County

Winnemucca Domestic Violence Services, Winnemucca:
Serving Humboldt County

TRAINING AND TECHNICAL ASSISTANCE

During the 2020 fiscal year, NCEDSV presented 35 workshops/webinars to 468 attendees. Topics included volunteer training, legislative advocacy, trauma-informed advocacy and abuse in later life. Each presentation was designed to bring together advocates and allied professionals throughout Nevada to enhance their current services and to promote further collaboration in supporting survivors and their families.

Technical assistance is also a significant benefit provided to our member programs. We define technical assistance as direct problem solving help. During FY 2020, NCEDSV provided 282 technical assistance consultations and conducted 32 site visits.

THE ADVOCATE CERTIFICATE PROGRAM

The Advocate Certificate Program is a 20-hour, online distance learning program that has been developed to help provide advocates, volunteers, board members, and crisis line and shelter workers with a foundation for the work they do day-to-day. Available as a primary benefit to NCEDSV's member programs, the Advocate Certificate Program may be used to supplement other staff and volunteer trainings offered by the organization in order to provide new advocates with a well-rounded introduction to the movement. In fiscal year 2020, a total of 85 staff and volunteers from NCEDSV program members completed the 20-hour Advocate Certificate Program.

THIRD THURSDAYS

Third Thursdays are NCEDSV's monthly webinar series designed to help advocates improve their skill set. NCEDSV brings in experts monthly to discuss topics related to advocacy and improving standards of service. In fiscal year 2020, NCEDSV hosted 10 monthly webinars to help advocates build their knowledge of anti-oppression and how it affects victim-survivors, as well as building their own self-care skills. Topics during this fiscal year included Civic Engagement, Recognizing and Responding to Stalking, HUD CoC Program Competition and ESG Covid-19 Supports, and Advocacy for Clients Who Don't Leave.

LANGUAGE LINE

Language Line is an interpretive service used by NCEDSV and its member programs. Language Line functions as an essential tool to ensure the availability and accessibility of services to marginalized and more vulnerable populations of survivors, whose primary language is not English and those who are Deaf and Hard-of-Hearing. NCEDSV provides access to this service to all member programs as a part of our commitment to develop and secure sustainable language resources to victim-survivors throughout Nevada.

In fiscal year 2020, eight different languages were accessed by 76 victims with LEP. These victims were able to obtain meaningful access to domestic and sexual violence services in Nevada through the use of Language Line Phone Services. No InSight video interpretation services were used to assist D/deaf or hard-of-hearing clients in fiscal year 2020.

PUBLIC POLICY UPDATES AND RESOURCES

While in the interim of Legislative Sessions, NCEDSV policy team convened the Public Policy Task Force to identify policy concerns in our communities. The Task Force is made up of experts within the community, including survivors and representatives from direct service providers, law enforcement, and legal aid. The task force explored different policy concerns and helped guide NCEDSV in establishing policy priorities.

DOMESTIC VIOLENCE COUNTS REPORT NEVADA SUMMARY

On September 10, 2020, 14 out of 17 (**82%**) identified domestic violence programs in Nevada participated in a national count of domestic violence services conducted by the National Network to End Domestic Violence (NNEDV). Services provided by domestic violence programs looked different in 2020, as frontline advocates navigated unforeseen challenges due to the COVID-19 pandemic and other crises. The following figures represent the information shared by the participating programs about the services they provided during the 24-hour survey period.

501 Victims Served in One Day

321 adult and child victims of domestic violence found refuge in emergency shelters, transitional housing, or other housing provided by local domestic violence programs.

180 adult and child victims received non-residential assistance and services, including counseling, legal advocacy, children’s support groups, and more.

Table 1: Services Provided on 9/10/20	% of Programs Providing Services
Emergency Shelter	47%
Bilingual Advocacy	47%
Support/Advocacy to Elder Victims of Abuse	47%

177 Hotline Contacts Received

Domestic violence hotlines are a lifeline for victims in danger, providing support, information, safety planning, and resources via phone, chat, text, and/or email. During the 24-hour survey period, hotline staff in Nevada received 177 contacts, averaging 7 contacts per hour.

37 Individuals Attended Prevention and Educational Trainings

Community education is essential to raising awareness about domestic violence and the resources that are available to victims, while promoting prevention strategies. On the survey day, local domestic violence programs educated 37 individuals in communities across Nevada. Advocates provided 5 trainings that addressed domestic violence prevention, early intervention, and more.

32 Unmet Requests for Services in One Day

Victims made 32 requests for services—including emergency shelter, housing, transportation, childcare, legal representation, and more—that could not be provided because programs lacked the resources to meet victims’ needs. Approximately 91 percent of these unmet requests were for housing or emergency shelter.

Greatly increased funding would enable domestic violence programs to provide comprehensive services to all survivors seeking help and to prevent violence in their communities.

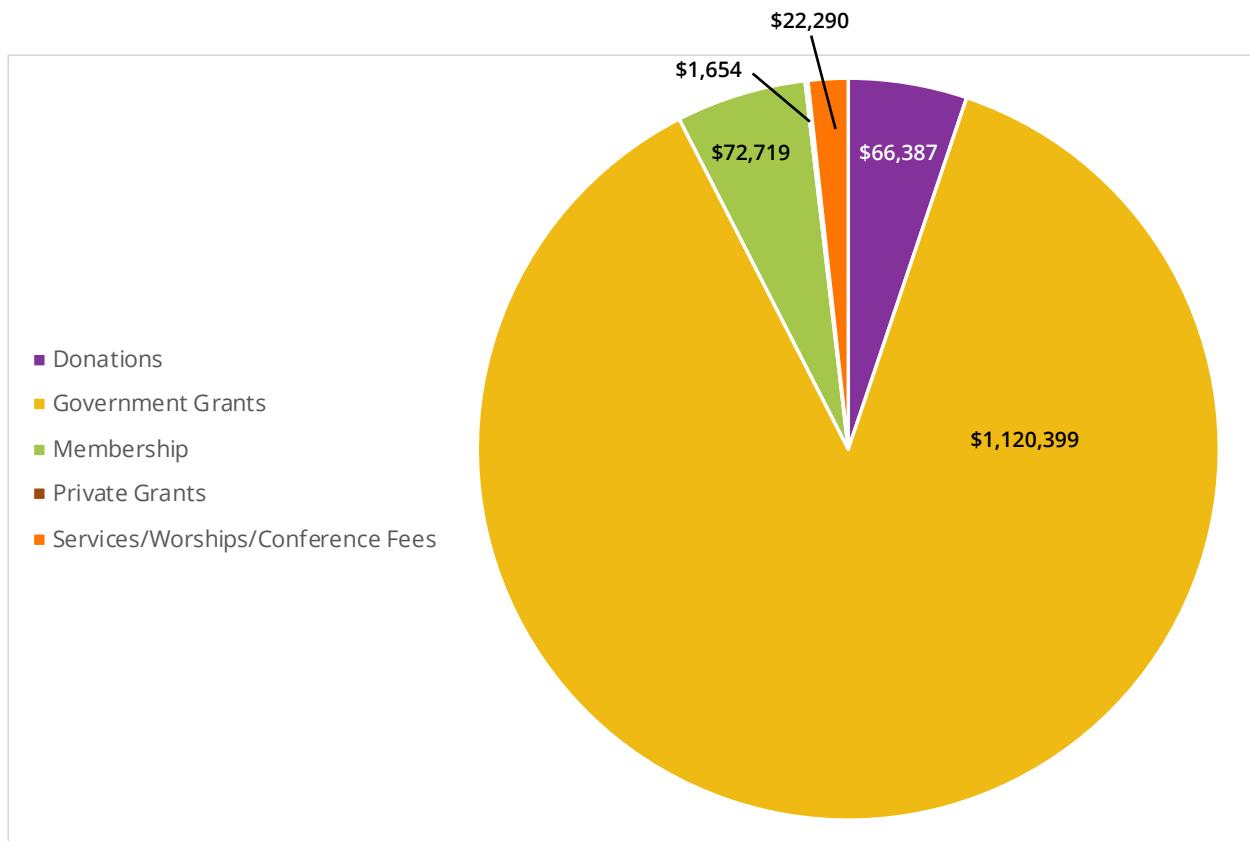

❖ **“On the survey day, we accompanied a survivor to court. She told us that she appreciated having a translator that spoke her language and that she felt truly empowered and safe having someone that listened and believed her.”**

ECONOMIC JUSTICE WORK

Jan Evans Direct Assistance Fund

Through the generosity of numerous private donors, the Jan Evans Direct Assistance Fund offers emergency financial assistance grants of up to \$500 to survivors of domestic violence and their children who are fleeing abusive relationships or attempting to re-establish themselves after leaving such situations. These grants cover expenses such as transportation costs, relocation expenses, personal supplies, and any other type of emergency need directly related to leaving an abusive relationship. Named after Jan Evans, NCEDSV's first volunteer lobbyist, the grants ease the financial burdens domestic violence victims face when they decide to leave abusive relationships.

GRANT AWARDS

In Fiscal Year 2020, local domestic and sexual violence programs received \$2,469.85 in financial assistance grants. Thirteen victim-survivors and their seven children were assisted.

CONTRIBUTIONS ARE WELCOME

Please consider donating to the Jan Evans Fund. All donations are tax-deductible as allowed by law. 100% of money donated goes directly to meet the needs of victim-survivors. Donate today at <https://www.ncedsv.org/donate/>.

NCEDSV provided an emergency grant to a victim-survivor to assist with their safe transportation back home following a sexual assault. After moving to Reno, this victim-survivor was abducted and taken to a motel where she was sexually assaulted. Thankfully, this victim survivor was able to escape and get in contact with a local program, where with their advocacy and financial assistance from NCEDSV, the client was able to safely travel back home to California where they were reunited with their family and support system.

L.I.F.E. Microloan Program

In 2017, NCEDSV received a grant from the Allstate Foundation to develop the Lives Improved by Financial Empowerment (L.I.F.E.) microloans. L.I.F.E. Microloans are designed to assist survivors of domestic or sexual violence with a loan of no more than \$500. The client can use this loan for anything needed to help develop self-sufficiency; this may include and is not limited to car repair, past utilities, tuition, housing deposits, and relocation costs. NCEDSV is now an established credit reporting agency through Credit Builders Alliance. NCEDSV will report payments to the three major credit bureaus (Equifax, Experian, and TransUnion), so it is critical that survivors make payments on time and that the loans are paid off. A good credit score is important for many reasons and helps individuals have access to credit, remove possible housing and employment barriers, and save money over the long term.

LOANS: In fiscal year 2020, local domestic and sexual violence programs worked with 10 clients to apply and receive \$4,680.00 in microloans.

Housing Assistance Program

The NCEDSV Housing Assistance Program has been funded through the Victims of Crime Administrators (VOCA) Grant. The Housing Assistance Program provides financial assistance grants to victim-survivors who are obtaining their own safe and stable housing after exiting shelter or leaving their abusive home. These grants can be utilized to cover move-in expenses such as security deposits, application fees, and first and last month's rent.

GRANT AWARDS

In fiscal year 2020, local domestic and sexual violence programs received \$27,716.73 in financial assistance grants. Nineteen victim-survivors were assisted and able to create new, safe homes for themselves and their children.

NCEDSV provided a survivor with a housing assistance grant to assist with a security deposit and first and last month's rent. The survivor was fleeing physical and emotional abuse and was in an unsafe living situation and was forced to live out of their car to maintain their safety. With assistance from NCEDSV and the local domestic and sexual violence program, the survivor was able to obtain their own apartment and have a safe and comfortable living space of their own.
